

Hello Parents!

We are excited to share that the fun lunch fundraising program is back for the 2026-2027 school year! We will be using the Healthy Hunter ordering platform again this year. Fun lunches this year will be once a month. Lunch orders will not include snacks or drinks, so please ensure you send these with your child.

To ensure all students are included, if you have the means to do so, we would be grateful if you donated an extra order for a JES student who would otherwise not receive any Healthy Hunger orders. There will be a “donate a meal” option at the end of each order form for quick and easy ordering! *If you are a family who does not have the means to purchase fun lunches, please do not hesitate to reach out to me. This will be confidential and we can ensure your child has access to fun lunches!*

New Families to Jennie Elliott will need to set up an account online before proceeding with their first order. Returning families will only need to update their child's teacher or add a sibling to an existing account. You may choose to place all available orders at once or at your convenience throughout the year. In advance of each snack or lunch date, Healthy Hunger will email a reminder to order to all registered families. Orders must be submitted no later than midnight 5 days prior to the lunch or snack date in order to facilitate the vendor. Late orders or changes cannot be processed.

Quick Guide – How to Access Fun Lunch/Snack Ordering

- Go to www.healthyhunger.ca
- Create an account and complete the parent account registration form. If you have already registered in a previous year, you can use the same login.
- Add a student being careful to choose your child's grade and teacher.
- Add any additional children one at a time
- View and order lunches!

Thank you for supporting this fundraiser! We are VERY grateful for any volunteers willing to donate a couple hours of time to help deliver fun lunches. Please contact me for further information.

Happy Ordering!

Jenny Harrison
Fun Lunch Coordinator
